

PDSA pet care tips for cats!

Yes, they are independent, but cats need love, attention and lots of care too!

Make sure my litter tray is cleaned out regularly.

I love having a cat flap so that I can be independent.

I love to eat tinned cat food and biscuits.

Check my fur regularly for fleas!

We are curious so make sure we can't reach anything dangerous.

My teeth should be cleaned with special cat toothpaste and brush.

Did you know that milk isn't good for me and can upset my tummy. Fresh water is my favourite drink.

I need a microchip which is a permanent form of identification.

Ask your vet about the right vaccinations, microchipping, neutering, flea treatment and worming for me.
