

# PDSA pet care tips for dogs!

Dogs are loyal and kind pets, but they need loads of care and attention.

Keep me on a lead near traffic!

Did you know that the law says I must wear a collar and ID tag in public?

Dental chews or gentle brushing with doggy toothpaste keep my teeth healthy.

Always get an adult to scoop up my poos!

I need a microchip so that if I ever get lost I can be returned home.

I need lots of fresh water and two walks a day.

Teach me to sit, lie down, walk to heel and stay.

Don't feed me chocolate or bones, I love tinned dog food and dog biscuits.

Your vet can tell you all about vaccinations and the regular treatment for fleas and worms that I need.

I love poking my nose into things, so make sure I can't reach anything dangerous.
