

# PDSA pet care tips for rabbits!

Rabbits are fantastic pets for older children but sometimes their owners don't realise what special care they need. Help us change this by following these top tips for happy bunnies ...

Check the fur around my bottom for mess or maggots, especially in warm weather.

My teeth grow all the time, so I need to chew to wear them down – that's why I like lots of hay.

I like a warm, clean, large hutch, a safe, spacious rabbit run with hay and toys, and somewhere to hide so I feel safe.

We like fresh water, hay, grass and some fresh vegetables.

I like the company of another rabbit – a neutered male and neutered female make good friends.

If you need to change my diet, speak to my vet and don't change it suddenly as this can make me ill.
